Intramural Program Update – Winter 2021

The proposed schedule of Winter semester Intramural Activities can be viewed on our webpage at: https://intramurals.byu.edu/activities.php

Three of our activities - Y Fitness Challenge, Run For Your Life, and Disc Golf – which can be done on your own have been approved by the University. Registration for the Y Fitness challenge (online) and the Run For Your Life (in person @ 145 RB) activity begin on Monday, January 11.

We are still waiting for University approval for our in-person singles and doubles events. We are hopeful that we will receive University approval for these events soon and will begin taking registrations on the dates listed on the Winter activity calendar.

Thank you for your understanding and patience,

The Office of Intramural Activities
